EDUCATION

Bachelor's in Computer Application (BCA)

2019 - 2022 | Gurugram

DPG Institute Of Technology And Management

WORK EXPERIENCE

NodeJS Developer L1

Lattice Innovations | April 2023 - August 2023 | Delhi

- Worked with github APIs and integrated github data into the project where employees can see bug, gap and defect issues based on their roles directly in the web app which resulted in 80% faster issue tracking and handling by saving 8-12 minutes per day.
- Worked with google APIs and automated the process of creating spreadsheets with a feature that replicated the Gantt chart feature to see the employees workload directly in the web app
- Created APIs working with SQL and GraphQL.

NodeJS Developer Intern

Lattice Innovations | Jan 2023 - March 2023

- Designed MySQL database and implemented REST APIs for given applications using Nodejs and Express framework.
- R&D of API monitoring tools and implementing in projects
- Documented APIs with swagger documentation

PROJECTS

- **SocialPad App** ([link](#)) | Html, css, JS, NodeJS, ReactJS, MongoDB

Built a MERN app where you can connect with your friends and share your thoughts and photos with them. Features include logging with JWT authentication, storing data in mongoDB, MVC pattern, light-dark mode, react-dropzone for uploading photos

- **Youtube Clone** ([link](#)) | Html, css, JS, ReactJS

Developed a YouTube clone website that fetches data from RapidAPI Search and watch any video directly within website

- **APIs using NodeJS** ([github](#))

Built multiple RESTful APIs including features like register and login(JWT, bcrypt), CRUD operations with MongoDB, Middleware integration for logging, validation, etc.

SKILLS AND TOOLS

- | | | |
|-------------------------|-------------------|----------------------------------|
| • Html, Css, Javascript | • NodeJS, ReactJS | • Git, VS Code |
| • C, C++, Python | • MySQL, MongoDB | • Postman, Altair GraphQL Client |

CERTIFICATIONS AND EXTRA CARRICULAR

- Python full course certificate from Udemy
- Solved 200+ problems on multiple coding platforms
- Team Leader of my volleyball team at zonal level in school
